DEAR COLLEAGUES,

We are thrilled to extend an invitation to the 4th Symposium of ADR-AC scheduled for May. Once again, the venue will be Welle 7, conveniently located near the main train station in Bern. Our team has curated an engaging and current scientific program, addressing pertinent issues in your daily practice.

The morning session will feature an interactive workshop for a maximum of 50 participants, focusing on practical aspects of drug hypersensitivity and its diagnosis.

In the afternoon, we will delve into the latest developments in drug hypersensitivity and chronic urticaria, concluding with noteworthy updates from the lab.

To cap off the event, you are cordially invited to join us in celebrating Werner's birthday, raising a toast to another year of innovative advancements in cellular immunology.

Workshop in the morning

The intention is to address practical issues on drug hypersensitivity and its diagnosis.

→ Bring your cases.

If you would like to discuss an individual case, you may discuss it beforehand with Daniel Yerly, Oliver Hausmann or Werner J. Pichler; please send a short summary before April 19th, 2024, to:

adr-ac@hin.ch

Symposium in the afternoon

In the afternoon we will have eight talks and a round table on relevant topics covering classification, diagnosis, and clinic of drug hypersensitivity and Chronic Urticaria.
